About me

Passionate front-end developer, creating engaging, user-centered websites through clean code. Proficient in HTML, CSS, JavaScript and Typescript, with an eye for aesthetics. Committed to collaboration, growth, and dynamic teams.

EXPERIENCES

Excella Nursing Consult

June 2023 – Aug 2023

React Frontend Developer

- Worked collaboratively in a three-person team to develop a robust full-stack website catering to the needs of a nursing organization.
- Assumed a pivotal role as a React developer, actively contributing to the enhancement of visual and interactive components.
- Proactively identified and addressed frontend issues on the nursing web page, resulting in a significant enhancement of user experience and overall performance, particularly in facilitating meetings and classes.
- Leveraged version control (Git) to manage codebase, fostering seamless collaboration within the team.

Front-End Developer |Freelance

personal portfolio (<https://ogunkanmbi.netlify.app>)

- Designed and developed a personal portfolio website using React.js
- Crafted a responsive user interface that seamlessly adapts to various screen sizes.
- Enhanced the JavaScript and CSS coding to elevate user experience and functionality.
- Implemented additional features and optimizations to ensure a smooth and engaging user interaction.
- Conducted thorough testing and debugging to guarantee a polished and error-free website.

- Collaborated with clients to understand their vision and requirements, ensuring the website aligned with their goals.
- Applied best practices in web development to create an efficient, maintainable, and scalable codebase.

PROJECTS

Restaurant Webpage (<https://mygerichtrestaurant.netlify.app>)

- Developed a fully functional restaurant webpage showcasing a variety of dishes and menu items.
- Designed an intuitive and visually appealing user interface for a seamless browsing experience.
- Implemented a responsive layout to ensure optimal viewing on devices of all sizes.
- Applied modern web development principles and best practices for efficient and maintainable code.
- Incorporated performance optimizations for faster page loading and improved user experience.

EDUCATION

2015 – 2019 | Tai Solarin University of Education.
Sociological Studies
